

RESOLUTION AUTHORIZING FILING AN APPLICATION WITH THE BATTELLE
PACIFIC NORTH WEST NATIONAL LABORATORY FOR STUDY OF AN ANNUAL
STORAGE ENERGY SYSTEM IN THE CHARLESTOWN NAVAL SHIPYARD

WHEREAS, the Boston Redevelopment Authority is directly concerned
with the efficient reuse of the Charlestown Naval Shipyard,

WHEREAS, Energy Conservation technologies may favorably impact the
economic viability of the redevelopment effort and,

WHEREAS, the Department of Energy through the Battelle Pacific North
West Laboratory has requested the BRA to submit a proposal to contract for a
study of an annual storage energy conservation system at the Charlestown
Naval Shipyard.

NOW, THEREFORE, BE IT RESOLVED BY THE BOSTON REDEVELOPMENT
AUTHORITY

1. That Robert J. Ryan, Director, is hereby authorized to execute and file
an application on behalf of the Boston Redevelopment Authority with the
National Laboratory for a contract and to enter into an agreement, with
and accept funds from, the National Laboratory to pay the cost of the
work undertaken by the Authority and its consultants, and,
2. The above-named authorized representative is hereby authorized to
furnish such additional information and to utilize such outside consulting
services at no cost to the Authority as he deems necessary or as the
Laboratory may reasonably request in connection with this application.

MEMORANDUM

FEBRUARY 4, 1982

TO: BOSTON REDEVELOPMENT AUTHORITY

FROM: ROBERT J. RYAN, DIRECTOR

SUBJECT: REQUEST AUTHORIZATION TO FILE AN APPLICATION FOR
\$15,000 IN ENERGY GRANT FUNDS

The Department of Energy has made available, through the Battelle Pacific North West National Laboratory, funds for a study of an annual storage energy system in the Charlestown Naval Shipyard as part of the United States' participation in the International Energy Project. Because of our energy conservation work under the SAND contract, the Boston Redevelopment Authority has been requested to apply for these funds.

If so authorized, the Authority will apply for \$15,000 for staff and consultant services. The work will take place over a nine to twelve month period and will be completed by early 1983.

A Resolution authorizing such application is attached.
